

**ASE INSURANCE AGENCY (UK) LTD**

**PROFESSIONAL INDEMNITY  
INSURANCE**

**INSURANCE PROPOSAL FORM  
FOR ENGINEERS**

## **ADVICE ON COMPLETING THE PROPOSAL FORM**

To allow us sufficient time to time negotiate with Insurers, please ensure you return this proposal form as soon as possible. It is essential that you allow sufficient time to complete the proposal form and provide accurate information.

## **DEFINITIONS OF TERMS USED IN THIS PROPOSAL FORM**

- 'Principal' means: Any Partner(s), Director(s), Member(s)
- 'Employee' means: Any person who is or has been under a contract of service for or on behalf of the Firm.
- 'Senior Management' means, in accordance with the Insurance Act 2015: those individuals who play significant roles in the making of decisions about how the Insured's activities are to be managed or organised. Under Section 4 of the Insurance Act 2015 an Insured must disclose all material circumstances known to its 'senior management' and those persons responsible for the Insured's insurance.

## **DUTY OF FAIR PRESENTATION**

Under English law, you owe a duty of disclosure to the Insurer which includes your duty to make a fair presentation of the risk. A 'fair presentation' is one:

- which clearly discloses all material circumstances which the Insured's Senior Management, including persons responsible for the Insured's insurance, know or ought to know following a reasonable search or which is sufficient to make the Insurer ask questions about the risk. A circumstance is material if it would influence an Insurer's judgment in determining whether to take the risk and, if so, on what terms. If you are in any doubt whether a circumstance is material we recommend that it should be disclosed;
- which discloses information in a manner which is clear and accessible to a prudent Insurer;
- in which every material representation as to a matter of fact is substantially correct and every material representation as to a matter of expectation or belief is made in good faith.

Failure to disclose a material circumstance may entitle an Insurer to:

- in some circumstances, avoid the Policy from inception and in this event any claims under the Policy would not be paid;
- impose different terms on your cover; and/or
- proportionately reduce the amount of any claim payable.

This duty applies:

- before your cover is placed;
- when it is renewed; and
- at any time that it is varied.

Your Policy wording may also provide that this duty continues for the duration of the Policy.

You should contact us immediately for assistance if you are unsure whether information may be material, or if it comes to your attention that you may have not disclosed full and accurate information.

## **GENERAL INSTRUCTIONS RELATING TO COMPLETION OF THE FORM**

- Please ensure this proposal form is completed by a Principal of the business.
- A response to all questions must be entered. Where a question is not relevant to your business, please respond N/A.
- If the proposal form is completed by just one of the Principals, please ensure that full consultation is made with the Senior Management, prior to submission of this form and that they, in turn, have consulted those for whom they are responsible.
- If you have completed the form electronically, please print and sign it before returning it to us, either electronically or by post.
- If there is insufficient space to answer any questions please provide full details on your headed paper. Please ensure that any additional information is signed, dated and makes clear reference to the question(s) on the Proposal Form, to which it refers.
- Depending upon the qualifications and/or experience of the Principal(s), Insurers reserve the right to request a Curriculum Vitae and details of any circumstances or claims pertaining, in the past 5 years, irrespective of whether they were employed by the business at the time.
- Completion of this proposal form does not automatically bind the Principal, the Firm or Insurers to effect a contract of insurance.
- A copy of this proposal should be retained for your own records.

## **CLAIMS AND CIRCUMSTANCES**

Whilst every question on the proposal form is important and constitutes material information upon which Insurers rely, Insurers will be particularly interested in your history of claims and/or circumstances.

In order to ensure that all notifiable matters are declared, the recommended practice would be for each Principal including all members of the Senior Management and other senior members of staff to sign a declaration to the effect that he/she has investigated the areas for which he/she is responsible and can confirm that there are no claims or circumstances other than those declared in the proposal form.

After completion of the proposal form and prior to the expiry of the firm's current insurance, a check should be undertaken within the Business to ensure that there are no claims or circumstances of which anyone is aware other than those already notified in the proposal form.

If any new matters are discovered, these should be immediately notified to ASE Insurance Agency if we are your current Broker. If we are not your current Broker, then you should notify your current Broker/Insurers and ASE. Such notifications should reach your current Broker/Insurers and ASE Insurance Agency prior to the expiry date of the firm's current insurance.

## **CONTACT US**

Your completed proposal form can either be emailed or posted to us using the contact details below. Please retain a copy for your own records. Please do not hesitate to contact us if you have any questions.

35

I/we confirm that I/we have read and understood 'DUTY OF FAIR PRESENTATION' on page 2 of this proposal form and I/we declare that I/we have made a fair presentation of the risk, by disclosing all material matters which I/we now or ought to know.

Date .....

Principle Signature

IT IS SUGGESTED YOU TAKE A COPY OF THIS PROPOSAL FORM WHEN COMPLETE FOR YOUR RECORDS. PLEASE ATTACH A BROCHURE IF ONE IS AVAILABLE. IF THIS APPLICATION IS FOR A NEWLY ESTABLISHED PRACTICE OR PROPOSED PRACTICE OR COMPANY, PLEASE FORWARD A CURRICULUM VITAE FOR EACH PRINCIPAL.

*If you are unable to digitally sign this document, please print and hand sign this page only and send with the completed proposal form*

## **SUPPLEMENTARY CLADDING QUESTIONNAIRE**

### **ONLY TO BE COMPLETED IF ANSWER TO Q27 IS 'YES'**

1. Since year 2000, has the Proposer undertaken any contracts where they have been involved in / responsible for the specification, selection, design, installation, certification of cladding / cladding systems / rainscreen systems or the project management of work that included cladding / cladding systems / rainscreen systems specified, selected, designed, installed or certified by a third party?

Yes  / No

If yes, please answer Questions 2-4

2. Are any of these contracts in respect of multiple occupancy residential and/or mixed use development and/or public buildings (refer definition below)?

Yes  / No

3. Are any of these contracts in excess of 18m in height?

Yes  / No

4. Did any of the contracts include the use of ACM/P (aluminium composite materials/panels), ZCM/P (Zinc Composite materials/panels), HPL (high pressure laminates) or ventilated rainscreen systems incorporating PIR (Polyisocyanurate) or PUR (Polyurethane rigid foam) external wall insulation?

Yes  / No

If yes to question 2 or 3 and 4, please complete the contract details section of this Questionnaire

#### **DEFINITION OF PUBLIC BUILDINGS**

Public buildings shall include, but are not limited to, hospitals, care homes, multiple occupancy residential, schools, universities, stadia, hotels and mixed use developments.

*N.B. Please sign and date the third page of this Supplementary Questionnaire if completed in any way.*

**TESTS**

**Test 1**

ACM with polyethylene filler and foam insulation with fire breaks and cavity barriers in place.

**Test 2**

ACM with polyethylene filler with stone wool insulation.

**Test 3**

ACM with fire retardant polyethylene filler and PIR foam insulation.

**Test 4**

ACM with fire resistant polyethylene filler and stone wool insulation.

**Test 5**

ACM with limited combustibility filler and PIR foam insulation.

**Test 6**

ACM with fire retardant polyethylene filler and phenolic foam insulation.

**Test 7**

ACM with limited combustibility filler and stone wool insulation.
